DEC 16 1929

Commissioner of Indian Affairs,

Washington, D. C.

Sir:

In the statistical report submitted for the period ending June 30th, 1929; the Indian population of this jurisdiction shows a total of 7140 persons. The office was also advised that there was possibly a considerable number of scattered Indians not enumerated and not numbered. To this will be added bands that had possibly not been noted, or information obtained. This office has labored consistently in order to submit a reasonably correct census; as of June 30, 1929. The same is submitted herewith in duplicate.

For the further information of this office as to the preparation of this census, to make the following statements:

1. The jurisdiction was divided into 4 districts.
2. District 4 was subdivided into 3 divisions known as, Puertecito, Canoncito, and Ramah
3. District number 1, 2, and 3 were considered separately and the census blanks so arranged.
4. District 4 was enumerated and census prepared in 3 sections, so that the Indians of the 3 bands, namely Puertecito, Canoncito, and Ramah, would be indicated and thus easily placed or recognised.

No doubt, in the preparation of the next census, it will be necessary to make several additions, deductions and alterations in numerical order of which the census has been prepared.

Very truly yours,

S F Stacher
Superintendent.
